IMPORTANT! FOR ALL THE VOLUNTEERS!!

There is a very important notice for all those who are volunteers in our parish (meaning, catechists, food pantry, lectors, members of the choir, greeters, eucharistic ministers, and others). Due to an audit that will be carried out during the month of February on the Protection of Minors in our Archdiocese, it is urgent that we have the file of each volunteer updated. For that reason, in the coming weeks, we will ask you to update your file. Next weekend we will need you to update your CORI forms, also sign a Code of Conduct, and verify that you followed in the past the “Protecting God’s Children” training. Please let us know if you still need to follow the training. For more information, please call the rectory.

¡¡AVISO IMPORTANTE PARA TODOS LOS QUE SON VOLUNTARIOS EN NUESTRAS TRES PARROQUIAS!!

Debido a una auditoría que se realizará durante el mes de febrero sobre la Protección de Menores en nuestra Arquidiócesis, es urgente que tengamos actualizado el expediente de cada voluntario (catequistas, dispensa de comida, lectores, miembros del coro, acomodadores, ministros eucarísticos y otros). Por eso en las próximas semanas, les pediremos que actualicen sus archivos. Necesitamos que actualicen su formulario CORI, que firmen un Código de Conducta, y que verifiquen si ya siguieron el entrenamiento “Pro-tegiendo a los Niños de Dios”. Para obtener más información, llame a la rectoría.

A Help Button Should Go Where You Go!

To be truly independent, your personal emergency device needs to work on the go.

MobileHelp® allows you to summon emergency help 24 hours a day, 7 days a week by simply pressing your personal help button. Unlike traditional systems that only work inside your home, a MobileHelp medical alert system extends help beyond the home. Now you can participate in all your favorite activities such as gardening, taking walks, shopping and traveling all with the peace of mind of having a personal alert system with you. MobileHelp, the "on-the-go" help button, is powered by one of the nation's largest cellular networks, so there's virtually no limit to your help button's range.

No landline? No problem! While traditional alert systems require a landline, with the MobileHelp system, a landline is not necessary. Whether you are home or away from home, a simple press of your help button activates your system, providing the central station with your information and location. Our trained emergency operators will know who you are and where you are located. If you're one of the millions of people that have waited for an alert service because it didn't fit your lifestyle, or settled for a traditional system even though it only worked in the home, then we welcome you to try MobileHelp. Experience peace of mind in the home or on the go.
